Sunnyside Nursing Home received the best score possible, an overall 5 out of a possible 5 rating, in U.S. News & World Report's 2024 Best Nursing Home rankings. That distinction – based on evaluation of both short-term and long-term care – placed Sunnyside Nursing Home among the top 50 facilities in the state of Florida.

The magazine has compiled its list since 2009. This year, it tallied results from more than 15,000 nursing homes nationwide, using quality measures taken by the federal Centers for Medicare and Medicaid Services, which includes data on resident care, nurse staffing, and success in preventing emergency room visits.
